

Using dime blocks, cover the dollar block until it is full.

- 1) How many dimes does it take to equal one dollar?

Skip count by 10.

- 2) Write the values, including the cent sign, until you reach a dollar.

10¢, _____, _____, _____, _____, _____, _____, _____, _____, _____

How many cents?

3)  = _____ ¢

4)  = _____ ¢

- 5) Tammy has one dollar. She wants to buy a coloring book for 80¢.
What is her change?

- 6) William has one dollar to spend. He wants to buy six pieces of gum.
If one piece of gum costs 10¢, how much does he spend?
